I. Scope

The purpose of this Request for Qualification (RFQ) is to designate authorized audio production service providers to ensure adequate support for audio production requirements that arise. WEDC seeks to identify one or more audio producers to provide support as needs arise.

Authorized audio production service providers will be reviewed on a three-year cycle, unless otherwise required. In general, WEDC intends to engage only audio production service providers who have been designated as authorized audio production service providers through this process, but reserves the right to engage other resources if it believes that the authorized firms are unavailable, lack necessary expertise, have conflicts of interest or are otherwise determined by the WEDC, in its sole discretion, to be unqualified for a particular engagement.

When matters arise with respect to which WEDC wishes engage audio production service providers, WEDC will review the resources designated as authorized service providers to identify those who may be qualified to handle the matter. WEDC will describe the matter to one or more resources and obtain a cost estimate to provide the required services within the parameters set by the WEDC. WEDC, in its sole discretion, will then choose a firm and execute a Statement of Work with such firm to perform the requested services.
