

# EXPORTECH™

## GLOBAL MARKETS CREATE NEW OPPORTUNITIES FOR PRODUCTS MADE IN WISCONSIN®

With 96% of the world's population consuming products outside the U.S. and 1 billion people expected to join the global middle class in the next decade, Wisconsin companies are changing the way they think about their businesses. For companies that want to grow, exporting is no longer a luxury—it's a necessity.

**ExporTech™**, an export acceleration program delivered in partnership by the Wisconsin Manufacturing Extension Partnership (WMEP) and the Northwest Wisconsin Manufacturing Outreach Center with support from the Wisconsin Economic Development Corporation (WEDC), helps Wisconsin companies expand their global market reach through targeted export strategy development and execution. It is designed to shorten a company's "go-to-market" timeline by developing a customized international growth plan for the company's products in key markets.

### HOW IT WORKS

ExporTech helps small to midsize Wisconsin companies tap into new markets with a customized export expansion strategy that has the greatest revenue potential and the least risk. A carefully selected cohort of up to eight non-competitive companies participate in three full-day events scheduled approximately one month apart. Participants learn how exports can dramatically drive growth, identify hurdles to expansion, and ultimately develop a customized international growth plan.

### CONTACTS FOR EXPORTECH™

For more information about ExporTech or to find out about training taking place in your area, contact one of the following individuals.

#### **Chad Hoffman**

Market Development Director  
WEDC

You can also access a full schedule of upcoming ExporTech opportunities at [wedc.org/exportech](http://wedc.org/exportech).

Through ExporTech, you will:

- Learn successful exporting strategies
- Develop an effective exporting plan
- Get expert feedback and coaching from a panel of experienced exporters

ExporTech includes information on key strategic topics, including:

- Sales and distribution strategies
- Trade finance, pricing and payments best practices
- International licensing opportunities
- Leveraging trade agreements
- Logistics and documentation
- Regulations and foreign certifications
- Geopolitical and country-specific risks

## **PROGRAM SUCCESS**

ExporTech is a proven path to exporting success. Wisconsin ExporTech graduates have achieved sales increases averaging \$600,000-\$900,000 within 12 months of completing the program.

## **WHO SHOULD PARTICIPATE**

Success in exporting relies on executive support. ExporTech requires commitment from at least two top senior executives, e.g., owners, CEOs and other executive leadership.

## **COST**

\$6,000-\$7,500 per company, depending on location. Scholarships are available.
