

MAIN STREET AND CONNECT COMMUNITIES PROGRAMS

REVITALIZING COMMUNITIES IN WISCONSIN

Downtowns and historic commercial districts play an important role in their communities and in Wisconsin's overall economy, functioning not only as prominent employment and business centers, but oftentimes as the cultural and civic heart of the community. Successful commercial districts don't just happen. They need to be planned and nurtured. Their prosperity requires interest and action from many stakeholders who share a vision for the future.

How it works

Two programs exist to assist Wisconsin communities with revitalization efforts: Main Street and Connect Communities. These programs help local leaders leverage the unique assets of their downtowns and commercial districts, providing access to resources and networking opportunities to support local initiatives.

Participants in both the **Wisconsin Main Street Program** and the **Connect Communities Program** receive operational assistance including educational workshops, webinars, and conferences; networking opportunities; and access to an online resource directory and discussion group—all designed to facilitate revitalization of downtowns and urban commercial districts. These programs benefit a diverse array of communities by size and geography, supporting the efforts of both emerging and established revitalization programs.

Resources provided by the Wisconsin Economic Development Corporation (WEDC) to foster vibrant commercial centers include:

- Regional workshops on pertinent topics
- Annual educational programming
- Regular webinars and discussion calls
- Online resource toolkit and best practice guide
- Regional networking events
- Staff and board orientation training
