Endangered Resources (ER) Review Verification Broad Incidental Take Permit/Authorization for No/Low Impact Activities

Form 1700-079 (R 03/23)

Page 1 of 2

Notice: This form is authorized by s. 29.604, Wis. Stats. This completed signed form, once submitted to DNRERReview@wi.gov using the Submit by Email button at the bottom of the form, fulfills the requirement of an Endangered Resources Review and should be attached to other permits requiring an ER Review to show that Endangered Resources requirements have been met. Personal information collected on this form will be used for administrative purposes and may be provided to requesters to the extent required by Wisconsin's Public Records law [ss. 19.31-19.39, Wis. Stats.].

Instructions: Complete this form if your project is covered under the Broad Incidental Take Permit/Authorization for No/Low Impact Activities and therefore does not require an Endangered Resources Review.

Subject: RE: ERR Request for City Of Stanley Industrial Park

Attachments: verificationform1700-079.pdf

Hi Kerry,

The **Stanley Industrial Park** project is covered by Table 2 of the <u>Broad Incidental Take Permit/Authorization for No/Low Impact Activities (No/Low BITP/A)</u>, a formal ER Review letter is not needed and there are no actions that need to be taken to comply with state and/or federal endangered species laws. Any take that may result from the proposed project is permitted/authorized, and the ER Review fee is waived.

Specifically, the project is covered by Table 2 Footnote 4: This project has only one special concern turtle species and there is no suitable waterway within 900 feet. As a result, there will be no impacts to nesting habitat. *Please note, Table 2 is for use by DNR Staff and ER Certified Reviewers only, therefore, the table is not available online.* The no/low BITP/A covers projects that the DNR has determined will have no impact or a minimal impact to endangered and threatened species in the state.

Attached is an ER Review Verification Form for you to keep on file and submit with any other necessary DNR permit applications to indicate that ER requirements have been met. This notice only addresses endangered resources issues. This notice does not constitute DNR authorization of the proposed project and does not exempt the project from securing necessary permits and approvals from the DNR and/or other permitting authorities.

Please contact me if you have any questions.

Thanks, Angela

Subject: ERR Request for City Of Stanley Industrial Park

CAUTION: This email originated from outside the organization.

Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Afternoon,

Attached is an ERR Request for the City of Stanley Industrial Park. Due to the size of the documents, I was unable to attach the two wetland delineation reports but included the docket numbers if you need to download them. Please contact me with any questions.

Thank you, Kerry
