

## ENERGY, POWER, & CONTROLS ➤ BY THE NUMBERS

**1,000+**  
**COMPANIES**

*Data Axle, 2024*

**\$44 BILLION**

in annual sales

*Lightcast 2024.1 Dataset*

**120,000+ JOBS**

*Lightcast 2024.1 Dataset*

## A HIGHLY SKILLED WORKFORCE

**#2 MANUFACTURING**

employment concentration in the U.S.

*Business Facilities magazine, July/August 2023*

**64,618**

engineering graduates from  
across the Midwest  
(including 4,782 from Wisconsin)

*Lightcast Q1 2024 Dataset*

Wisconsin will use

**\$62M+**

in federal funding to help  
low- and moderate-income  
households benefit from solar  
energy systems.

**445**

wind turbines with a combined  
capacity of 735MW power the  
equivalent of 172K homes

*renewwisconsin.org*

**105**

hydropower facilities  
together power the  
equivalent of 241K homes

**INDUSTRY STRONG. TECHNOLOGY SMART. FUTURE READY.**

“ We wouldn’t have made it to profitability without capital, and we wouldn’t have gotten capital if it wasn’t for WEDC’s Qualified New Business Venture (QNBV) Program. If we didn’t have QNBV, we likely would not have received funding and our business would not exist. It’s that linear. ”

**PHIL FONFARA**

President
