of Wisconsin's gross
domestic product.

Lightcast 2024 Q4 Dataset

Nearly
8,900
manufacturing
companies

Lightcast 2024 Q4 Dataset

#2 IN THE U.S.

for manufacturing
employment concentration in:

- > Plastics and rubber products
- > Machinery
- > Electrical equipment, appliances, and components

Lightcast 2024 Q4 Dataset

Wisconsin has invested

\$5.5 MILLION

over the past 10 years
to equip advanced manufacturing
hands-on classrooms for primary and
secondary STEAM education.

*Wisconsin Economic
Development Corporation*

INDUSTRY STRONG. TECHNOLOGY SMART. FUTURE READY.

“ When deciding where to invest for the future of our business in Milwaukee, we felt lucky to find a location that was blocks from where we were founded and allowed us to be part of an exciting transformation in the city. Not only do we have a long history in Milwaukee, but our network of key heavy manufacturing suppliers is also located here in southeast Wisconsin, as well as the premier universities and technical colleges that help create our workforce. Our goal for this project is to have a positive impact on the community and its sustainability for the future. ”

JOHN KOETZ

Executive Vice President of Surface Mining
Komatsu
