

REQUEST FOR QUALIFICATIONS FOR LEGAL SERVICES

QUESTION AND ANSWER

Q1. Can annual rate increases be built into the fee structure, or must rates remain flat for five years?

A1. We do not expect you to keep the prices flat for the entire five years. The pricing for the RFQ is to understand your overall fee structure. It would be helpful to see your proposed annual increases or a cap on them.

Q2. Do we need to provide a full attorney list for each area of law, or just leads/select individuals?

A2. Listing the leads/select individuals for each area of law is sufficient.
